### CIESC's LEAD IN

Buzzwords abound in education but do you know the why? Why do you

need student agency, empowered learners, personalized learning, or transparency? Do you know what the vision is to get there? Do you know how you're going to get your school there? Or do you really just need to define what "there" is? LEAD IN is designed for technology coaches, technology integration specialists, or teacher leaders who support digital transformation in their district. This one-day workshop will lead participants on a journey to look at the why, what, and how of incorporating the ISTE Standards, the Future Ready initiative, and best-practices in coaching and leading others to implement educational change. Spend a day networking, learning, and sharing ideas to take back to your school or district!

Thanks to the generosity of the Indiana Department of Education Office of eLearning, there will be 50 free seats with a limit of two seats per district for all public schools.

**Date:** April 13, 2017

**Time:** 9:00 am - 3:00 pm EST  
Lunch included.

**Location:** Christos Banquet Center  
830 Lincolnway E.
